### Leadership Briefings – March 2021

Question	Response
Will all schools be expected to go through the hub and nothing directly themselves?	The hub is not a monopoly so there is independence of choice. Though rest assured that all hub offers will be quality assured.
When we join Kyra there is a charge per child/size of school - how will the Hub system work the charges for services?	Teaching school Hubs will not be responsible for any other charges or services outside of the Hub. The Hub will have no charge to access what is on offer like a traditional alliance model under the current system.
